E-BIKE TOUR MYSTICFREERIDE BERGAMO-ITALY 2022-2023

Finally, the most beautiful tour has arrived between the Bergamo hills and the Orobic Pre-Alps, organized by **Mysticfreeride ASD Sport Organization**, made up of 12 federal instructors and tourist guides, as well as rider titled in the national and international sport scene.

Duration 3 days (Friday to Sunday)

- Thursday evening: expected arrival
- Highlights: Brembana Valley - Seriana Valley - Bergamo hills
- Riding level: 
- Fitness level: 
- Average daily journey 25-35 Km, 90% off road
- Difference in altitude 800-1000 meters
- Latest generation full suspended e-bikes included
- Mandatory: full face helmet - knee pads - gloves
- Recommended: back protector or backpack with back protector.
- Riding skill: good technical riding

All this sporting activity will be carried out **in the middle of nature and the millenary history of the city of Bergamo**, born as a Celtic city which became a Roman city in the second century BC and finally, in 1428, it became a city under the domination of Venice. In 1560 they began to build the venetian walls, today a UNESCO heritage site. The history of this city certainly cannot make us forget the important food and wine qualities. DOC Valcalepio wine producers, Merlot and Cabernet world and DOCG Moscato di Scanzo now entered for years in the elite of Italian wines with a gold medal at the Medolago Albani winery, a historic noble family from Valcalepio.

We are waiting for you for 3 unforgettable days of nature sport in fun, however in safety.
